INDEX.

	Page.
"A Descriptive Catalogue of Recent Foraminifera collected by the *Albatross* now in the U. S. National Museum," reference to paper by Dr. J. M. Flint, entitled	75
Abbott, Dr. C. C., quoted	598
Abbott, Dr. William L., birds' nests and eggs presented by	43
collecting outfit furnished to	22
ethnological specimens received from	64
large collections received from	21
musical instruments presented by	76
specimens of birds received from	40
specimens of insects presented by	40
specimens of mammals presented by	39
Abel, John C	68
Abell, J. Ralls, biconical frog pipe collected by	537
Academy of Natural Sciences, material transmitted for examination by	41
Academy of Sciences, Stockholm, Sweden, specimens of fishes lent to	28
Accession list, indexes to	131
Accessions during the year ending June 30, 1897, list of	91
to the collections	10
museum library, list of	153
Adams, Prof. Frank D., exchange with	18
specimens of rocks received in exchange from	62
Adler, Dr. Cyrus, assistant curator of oriental antiquities	74
custodian of religious ceremonials	74
librarian	25
reference to paper on Biblical Science at Cotton States Exposition by	74
title of paper by	194
Adler, Dr. Felix, specimens of pottery received in exchange from	67
Administrative departments, review of work in	78
staff	7, 90
Adney, Tappan, services rendered by	66
"Advance sheets" discontinued, publication of	26
Africa, accessions from	131
to library from institutions in	153
distribution of specimens in	239
Agassiz, Dr. A., Solenogasteridæ lent to	28
Agricultural Chemists, Society of, meeting of the	32
Agriculture, Department of, exchanges through the	16, 17
specimens received from	20
Alabama, cache of prehistoric implements found in	973
prehistoric mines, quarries, and workshops in	993
Alarcon, Hernando, quoted	409
Albany Museum, South Africa, bird skins received in exchange from	40
exchange with	14
Alcorn, Hon. J. L., biconical animal pipe collected by	537
Aldrich, Charles, pueblo pipe collected by	382
Allen, Dr. Harrison, specimens of bats lent to	27
titles of papers by	194
Allen, J., trade pipe collected by	455
Allen, Dr. J. A., specimens lent to	27
Allouez, Father Claude, quoted	553
Aluminates	650, 763
America, accessions to library from institutions in	153
distribution of specimens in	239
American Indians, use of copper implements by the	724
use of the cross among the	509
American Museum of Natural History, material transmitted for examination by	41
plaster cast of a brook trout lent to	28
American Ornithologists' Union, title of paper by	194

	Page.
American Physicians and Surgeons, congress of	33
American pipes, distribution of early forms of	366
Ammodiscus charoides Jones and Parker.	279
genus of foraminifera	278
gordialis Jones and Parker	279
incertus d'Orbigny	278
tenuis Brady	279
Amphisteyina, genus of foraminifera	338
lessonii d'Orbigny	338
Analytical key to families of the foraminifera	258
genera of the foraminifera	258
Ancient Monuments of the Mississippi Valley, reference to paper on the	511
Anderson, H., Micmac pipe collected by	480
Anderson, W., ovoid stone bowl pipe collected by	425
Andrews, Dr. E. A., specimens of crabs presented by	51
Andrews, Miss Fannie, tubular pipe collected by	385
Animal pipes, heavy	438
products, arrangement of exhibition series of collection of	72
Anisotropic class of minerals	686
Anistropic class of minerals	686
Anomalina ammonoides Reuss	335
ariminensis d'Orbigny	335
coronata Parker and Jones	335
genus of foraminifera	335
grosserugosa Gümbel	335
polymorpha Costa	336
Anthony, A. W., bird eggs received from	43
skins received from	40
crustacea purchased from	51
titles of papers by	194
Antimonates	780
Antimonides	658, 757
Antimonites	765
Antimony in minerals, compounds of	754
Antiquities of Mexico, reference to paper by Kingsborough entitled	371
Appendix I	89
II	91
III	153
IV	193
V	213
VI	217
VII	235
VIII	238
IX	239
Appropriations for 1897	238
National Museum	13
Argentine Republic, accessions to library from institutions in	167
Arkansas, cache of prehistoric implements found in	974
prehistoric mines, quarries, and workshops in	906
Arnheim, J. S., specimens of mollusks presented by	46

	Page.
Arrangement of the exhibition series	23
Arrow release in antiquity	831
shafts, scrapers, grinders, and straighteners used in making	884
Arrowpoints broadest at cutting end (Division IV, Class F)	937
classification of	887
making of, described by explorers and travelers	985
manufactur of	877
material of	872
spearheads, and knives of prehistoric times, by Thomas Wilson	811
superatitions concerning	841
triangular in section (Division IV, Class E)	937
with beveled edges (Division IV, Class A)	931
with bifurcated stems (Division IV, Class C)	935
with extremely long barbs (Division IV, Class D)	936
with serrated edges (Division IV, Class B)	934
wounds by	955
Arsenates	662, 789
Arsenic in minerals, compounds of	754
Arsenides	658, 757
Arsenites	765
Articulina, genus of foraminifera	301
sagra d'Orbigny	301
Arts and industries, department of, list of accessions to	150
review of work in	69
Ashe, W. W., specimens of plants lent to	28
Ashmead, William H., assistance rendered by	20
title of joint paper by	201
titles of papers by	194, 195
Ashmun, Rev. E. H., land shells presented by	46
Asia, accessions from	133
to library from institutions in	168
distribution of specimens in	244
Asia Minor, accessions from	140
Associates	90
Associations, meetings of, in Washington	32
Astrorhiza angulosa Brady	265
arenaria Norman	265
crassatina Brady	265
genus of foraminifera	265
granulosa Brady	265
Astrorhizidæ, family II of the foraminifera	259, 264
Astrorhizinæ, subfamily of foraminifera	265
Astrup, Eivind, quoted	639
Asymmetric arrowpoints (Division IV, Class H)	941
Atlantic coast pipe	608
characteristics of the	654
distribution of the	608
Atomic weights, table of	650, 651

Delafield, Miss Emma, archæological specimens received from	67
Delaware pipes, characteristics of	634
types of	598
Denmark, accessions to library from institutions in	169
distribution of specimens in	244
Density series of minerals	665
De Paw, Cornelius, quoted	462
Development of the exhibition series	23
Devereux, J. H., double conoidal pipe collected by	529
Iroquois pottery pipe collected by	497
stone bird pipe collected by	503
Dewey, Lyster H., titles of papers by	198
Diaz, Bernal, quoted	407
references to smoking habit by	369
Dickins, Capt. F. W., clay pipes received from	19
Diller, J. S	19
lecture on "Crater Lake, Oregon," delivered by	32
Disbursements from unexpended balances of appropriations for year ending June 30, 1896	238
Discorbina bertheloti d'Orbigny	327
biconcava Parker and Jones	327
genus of foraminifera	327
globularis d'Orbigny	327
rosacea d'Orbigny	327
Disk pipes	487
distribution of	630
origin of	630
Distribution of specimens	83
during year ending June 30, 1897, statement of	239
District of Columbia, cache of prehistoric implements found in the	972
prehistoric mines, quarries, and workshops in the	982
Division I, Class A, implements pointed at both ends	895
B, implements pointed at one end	899
C, implements with long, narrow, blades, and straight, parallel edges	906
leaf-shaped implements	891
II, triangular arrowpoints or spearheads	909
III, Class A, lozenge-shaped implements	915
B, implements with shoulders but not barbs	917
C, implements with shoulders and barbs	925
stemmed implements	913
IV, Class A, arrowpoints with beveled edges	931
B, arrowpoints with serrated edges	934
C, arrowpoints with bifurcated stems	935
D, arrowpoints with extremely long barbs	936
E, arrowpoints triangular in section	937
F, arrowpoints broadest at cutting end	937
G, implements of polished slate	941
H, asymmetric arrowpoints	941
I, implements of curious form	942

	Page.
Division IV, peculiar forms of arrow-points	931
Class K, perforators	944
Dodge, Byron E	67
Dodge, Charles Richard, engaged in study of fiber fabric from Central America	31
Donaldson, D. V., specimens of gold pseudomorph and telluride presented by	60
Doria, Marquis Giacomo, exchange with	15
Dorsey, Rev. J. Owen, religious smoking customs described by	567
Double conoidal pipes	528
Doubleday, Mrs. Abner, sword worn by General Doubleday transmitted by	73
Douglass, Andrew E., reference to biconical stone pipe in collection of	640
reference to Micmac pipe in collection of	484
tubular hourglass pipe in collection of	399
unique portrait pipe in collection of	606
Douglass, Maj. D. B., reference to catlinite pipe collected by	578
Drake, Samuel G., quoted	418
Druda, Oscar, exchange with	17
Du Bois, R. G., Horton automatic basket machine received from	70
Dugès, Dr. A., new Cynipid and new Curculionid presented by	49
Duncan, Gen. Thomas, iron pipe collected by	460
Dunning, J. W., biconical stone pipe collected by	539
Dunton, Capt. J. J., specimen of *Lophius piscatorius* received from	19
Du Pratz, Le Page, account of the calumet dance by	557
quoted	422
Duvall, H. C	68
Dwight, Jonathan, title of paper by	198
Dwight, L. M., Iroquoian pottery pipe collected by	493
Eakle, Dr. A. S., engaged in study of topaz crystals	31, 61
specimen of wire silver presented by	61
Eames, Dr. E. H., specimens of plants received in exchange from	58
Earle, F. S., double conical pipe collected by	531
Earll, R. Edward, Passamaquoddy curved knife collected by	734
Early reference to the use of tobacco	401
Easter Island, expedition around coast line of	692
known as Rapa Nui, by George H. Cooke	689
manners and customs of natives of	710, 716
population of	710, 712
Easter Island, topography of	701, 703
various names applied to	702
villages and habitations on	708
visits of various government vessels to	702
Eastman, Dr. C. R., fossil Skate described by	54
specimen of *Tamiobatis vetustus* lent to	28
Eaton, A. A., specimens of plants lent to	29
Eckert, Gen. Thomas T., assistance rendered by	71
Edison, Thomas A., reference to correspondence with	71
Edson, O., natural form pipe collected by	691
Educational museum defined	5
Eels, M., smoking among the Twanas referred to by	644
Egypt, accessions to library from institutions in	153
Eichhoff, William, title of paper by	198
Elder, Dr. J. H., reference to heavy bird pipe collected by	641
Electrical collections, catalogue entries of	72
condition of exhibition series of	24
number of specimens added to	72
outline of future work on	71
remarks by custodian concerning	70, 71
total number of specimens in	72
Electricity, properties of minerals relating to	679
Elements, chemical	650
in minerals, classification of	750
compounds of	751
native chemical	657
Ellis, Henry, quoted	419, 462
Emmert, J. W	67
Atlantic coast pipe collected by	600
monitor pipe collected by	471
pottery pipe collected by	535
southern mound pipes collected by	612, 613, 615, 616, 618
tubular stone pipe collected by	387
Emmons, Lieut. G. T., Tlingit curved knife collected by	739
England, references to early use of tobacco in	446
Engler, Dr. A., plants received in exchange from	58
English trade pipe, characteristics of the	448
Entrikin, Samuel J., assistance rendered by	66
Eskimo knife, comparison of, with Indian types	731
construction of the	732
opinions concerning origin of tobacco habit among the	593
pipe, Japanese origin of the	634

	Page.
Etheridge, R., jr., exchange with	15
Ethnological specimens, exchanges of	18
Ethnology, Bureau of, collections transmitted by	20
department of, accessions to	64
catalogue entries in	66
condition of exhibition series in	24
list of accessions to	149
number of specimens received in	66
remarks by curator concerning condition of exhibition and study series in	65
review of work in	63
statement regarding scientific work accomplished in	65
Europe, accessions from	140
to library from institutions in	162
distribution of specimens in	244
(western) flint mines and quarries in	850
Evermann, Prof. Barton W	20
collecting outfit furnished to	22
engaged in study of fishes	29
specimens of plants received from	58
title of joint bulletin by	201
title of paper by	198
titles of joint papers by	198, 201
Evolution of the bow and arrow	830
Examination and report, list of specimens sent to museum for	217
Exchanges of specimens with institutions and individuals abroad	14
Executive Departments, cooperation of the	18
Exhibition series, development and arrangement of the	23
Expedition around coast line of Easter Island	802
Expenditures for 1897	238
Explorations	21
Fagan, Charles E	52
Fannin, John, exchange with	14
Farquhar, H., exchange with	15
specimens of echinoderms received in exchange from	51
Farquharson, R. J., reference to mound frog pipe illustrated by	518
Farrier's knife in the United States	731
Featherstonhaugh, Dr. Thomas, prehistoric objects presented by	67
Febiger, Gen. G. L., catlinite pipe collected by	579
mound pipe collected by	514
Ferrites	659, 763
Fewkes, Dr. J. Walter, ethnological material collected by	21, 64
important collections made by	20
investigations in department of ethnology by	31
pottery pipe collected by	409
titles of papers by	198, 199
tubular pipes found by	378
Field, Dr. Henry M., assistance rendered by	71
Figgins, J. D., specimens of birds received from	41
title of paper by	199
Filer, William B., specimens of *Idiurus* received from	39
Filson, John, calumet custom described by	565
quoted	467
Finance, property, supplies, and accounts	78, 238
Fish Commission, U. S., archæological objects received from	67
fishes received from	44
specimens received from	20
Fisher, Dr. A. K., assistance rendered by	42
engaged in examination of collections	29
Fishes, department of, catalogue entries in	46
condition of exhibition series in	23
list of accessions to	143
number of specimens received in	46
review of work in	44
total number of specimens in	46
exchanges of	15
of North and Middle America, Bulletin No. 47, Part I, publication of	27
Flanagan, H. H., reference to Atlantic coast pipe found by	609
Fleming, J. H., exchange with	14

Lindstrom, P., quoted	640
Linell, Martin L., assistance rendered by	20,
biographical sketch of	36
died May 3, 1897	9, 36
titles of papers by	202
Lingsdorf, G. H. Von, use of snuff among the Aleutian Islanders referred to by	589
Lingulina carinata d'Orbigny	312
variety *seminuda* Hantken	312
genus of foraminifera	312
List of accessions during the year ending June 30, 1897	91
to the Museum library	153
man's knives in the U. S. National Museum	743
papers accompanying Report for 1897	247
published separately in 1897	213
specimens sent to Museum for examination and report	217
specimens sent to Museum for examination and report, index to	232
Lituolidæ, family III of the foraminifera	259, 272
Lituolinæ, subfamily of foraminifera	272
Locke, William M., Iroquois pottery pipe collected by	501
Loftusinæ, subfamily of foraminifera	282
Long, Stephen H., calumet dance of the Omaha described by	568
hunting ceremonial of the Omaha described by	568
quoted	421
Lönnberg, Einar, title of paper by	202
Loomis, L. M., specimens lent to	27
Lord, Dr. E. C. E., engaged in geological investigations	63
engaged in study of geological material collected by Dr. E. A. Mearns	30
Lortet, L., exchange with	15
Loskiel, Georg Heinrich, description of the calumet by	565
use of wampum belt referred to by	641
Love, Col. William H., reference to monitor pipe in collection of	470
Lowe, H. N., crustaceans and echinoderms presented by	51

	Page.
Lozenge-shaped implements (Division III, Class A)	915
Lubbock, Sir John, quoted	513
Lucas, Frederic A., curator, department of comparative anatomy	54
detailed on Fur-Seal Investigation Commission	9, 21, 54
material collected by	21
remarks by, concerning special investigations	54
skulls of fur seals collected by	39
titles of papers by	202
Lucas, J. D., vase-shaped bowl pipe collected by	427
Luster series of minerals	666
Lyon, S. S., limestone disk pipe collected by	487
Macfarlane, R. M., Eskimo curved knife collected by	736
Mackenzie, Alexander, smoking custom of the Kinstenoaux described by	566
Macoun, J. M., exchange with	16
specimens of plants received from	58
Madagascar, accessions to library from institutions in	153
Magnetism, properties of minerals relating to	679
series of minerals	666
Maine, prehistoric mines, quarries, and workshops in	961
Malaysia, accessions from	141
Mammals, department of, catalogue entries in	40
condition of exhibition series in	23
list of accessions to	141
number of specimens received in	40
review of work in	38
total number of specimens in	40
exchanges of	14
Manchester Museum, Owens College, Manchester, England, fossils presented by	56
Manganites	659, 763
Man's Knife among the North American Indians, The, by Otis Tufton Mason	725
knives, list of, in the U. S. National Museum	743
Manufacture of arrowpoints and spearheads	877
Marginulina ensis Reuss	314
genus of foraminifera	313
Marginulina glabra d'Orbigny	313
Marine invertebrates, department of, accessions to	51
catalogue entries in	53
list of accessions to	145
number of specimens received in	53
remarks by honorary curator concerning assistance rendered by outsiders to	52
review of work in	50
total number of specimens in	53
exchanges of	15
Marlatt, Charles L., title of joint paper by	201
paper by	202
Marquette, Father, calumet of peace first mentioned by	551
Marsipella elongata Norman	270
genus of foraminifera	270
Martin, T. C., assistance rendered by	71
Maryland, caches of prehistoric implements found in	972
prehistoric quarries in	962
Mason, Prof. Otis Tufton, curator, department of ethnology	64
the Man's Knife among the North American Indians, by	725
titles of papers by	202, 203
Mass, characters of minerals depending upon	679
Massachusetts, cache of prehistoric implements found in	970
Materia medica, section of, condition of exhibition series in	24, 75
number of specimens received in	76
review of work in	75
total number of specimens in	76
Material lent for investigation	27
of arrowpoints and spearheads received for examination and report	872
	32
Matschie, Dr. Paul, exchange with	14
Maya rain god (Tlaloc), description of altar representing a	364
Maynard, George C., custodian of electrical collections	69
McAdams, William, catlinite mound pipe from Illinois referred to by	576
McCulloh, James H., Indian burial custom referred to by	635
quoted	504, 554
McGee, W J	64
McGill University, Montreal, Canada, exchange with	18
McGlashan, J., double conical pipe collected by	533

	Page.
McGregor, R. C., bird skins presented by	40
McGuire, Joseph D., assistance rendered by	66
engaged in study of aboriginal pipes	31
Pipes and Smoking Customs of American Aborigines, by	351
titles of paper by	202
McIlhenny, E. A., bird skins presented by	40
McLaren, Charles, curved knife from Labrador collected by	735
McNeill, Jerome, title of paper by	202
Means, Thomas, engaged in geological investigations	63
study of micro-chemical methods for determination of minerals	31
Mearns, Dr. Edgar A	19
bird skins presented by	40
collecting outfit furnished to	22
engaged in study of mammals	29
specimens of mammals presented by	39
titles of papers by	203
Meek, Prof. Seth E., assistance rendered by	45
engaged in study of collections	30
series of fishes presented by	44
Meetings of associations in Washington	32
societies	235
Meinert, Dr. F	52
specimens of crabs received through	51
Mellates	797
Membre, Father Zenobius, quoted	554
Mercer, R. W., bowl pipe found by	427
Merriam, Dr. C. Hart, specimens of mammals lent to	27
specimens received through	20
Merrill, Dr. George P., curator, department of geology	62
titles of papers by	203
Merrill, Dr. J. C	19
birds' eggs received from	43
Metal pipes, use of	478
Meudon (Oise), France, prehistoric flint mine at	880
Mexican tubular pipes	361
Mexico, accessions from	131
to library from institutions in	154
distribution of specimens in	239
Micas, the	777
Michigan, caches of prehistoric implements found in	980

Turin, Italy, exchange with	16
Rumsey, Thomas, pamphlet entitled "A Treatise on the Application of Steam," (1788), presented by	72
Rupertia, genus of foraminifera	336
stabilis Wallich	336
Rush, Dr. W. H., shells received in exchange from	47
Russell, Prof. I. C., Russian type of Eskimo pipe collected by	587
Russia, accessions to library from institutions in	175
distribution of specimens in	245
Rydberg, P. A., specimens of plants lent to	29
Saccaminina consociata, new species	269
genus of foraminifera	268
spherica M. Sars	269
Saccamininæ, subfamily of foraminifera	267

	Page.
Salmon, Alexander P., work among natives of Easter Island by	699
Salvin, Osbert, material transmitted for examination by	41
specimens lent to	27
Sargent, Prof. C. S., engaged in study of collections	30
specimens of plants lent to	29
Satoh, H., title of paper by	207
Saturday lectures, list of	237
table showing number and dates of, since 1882	33
Saussure, Prof. H. de	52
Sayers, Mrs. Joseph D., archæological specimens received from	67
Schenck, J., disk pipe of oolitic limestone collected by	488
Schinz, Dr. Hans, specimens of plants received in exchange from	58
Schönland, Dr. S., exchange with	14
Schoolcraft, Henry R., quoted	575
quoting Col. Roderick McKee	395
Schrenck, von, series of curved knives from Amoor region collected by	742
Schuchert, Charles, assistant curator, department of paleontology	55
detailed to search for remains of *Zeuglodon* and other fossil animals	21
engaged in preparation of skeletons of *Zeuglodon cetoides*	57
specimens of mollusks obtained by	48
titles of papers by	207
Schumacher, Paul, tubular clay pipe collected by	388
Schumann, Dr. K., specimens of plants purchased from	58
Schwarz, E. A., specimens of Coleoptera presented by	49
title of paper by	207
valuable aid rendered by	20
Scidmore, Miss E. R., photographs presented by	64
Science College, Tokyo, Japan, specimens of petrels, presented by	40
Scientific departments, review of work in	38
literature, contributions to	25
table showing subjects of contributions to	26
staff	6, 89
Scotland, ancient superstition in, concerning arrowheads	843
Scott, George H., spearhead received from	66
Scrapers used in making arrow and spear shafts	884
Scudder, Samuel H., title of paper by	207
Sebring, James E., catlinite Sioux pipe collected by	583
Seebohm, Henry, reference to Tungooak pipe illustrated by	595
Selenides	657, 756
Selenites	766
Selenium in minerals, compounds of	754
Serpentine group of minerals, the	779
Sheppard, Edwin, specimens lent to	27
Shields, J. M., pottery pipe collected by	379
Shindler, A. Zeno, colorist	88
Sigsbee, Capt. S. D., specimen of sea lily transmitted by	19
Silicates	660, 768
Silver and its combinations	656
Simmer, Hans, exchange with	17
Simpson, Charles Torrey, titles of papers by	207, 208
Siouan pipes, distribution of	581
process of making	574
types of	571
Skiff, F. J. V., information, drawings, etc., concerning construction of museum cases furnished to	29
Skow, Lawrence, specimen of hybrid teal received in exchange from	41
Small, Dr. J. K., specimens of plants lent to	29
Smell, characters of minerals depending upon	688
Smillie, T. W., custodian of photographic collection	9, 76
photographer	88
Smith, Hugh M., title of joint paper by	196
Smith, Capt. John, quoted	457, 548
Smith, Prof. John B., collection of Acronyctas lent to	28
types of Acronyctas presented by	41
Smith, Prof. John Donnell, specimens of plants lent to	29
Smithsonian board of promotion established	79
Institution, aid rendered by	25
made (1846) the legal depository for national collections	4
various bureaus of, made subject to civil-service law	79
Smitt, Prof. F. A., exchange with	15
Smoke, early practices of inhaling	362
Smoking Customs and Pipes of American Aborigines, by Joseph D. McGuire	351
habit, evidences of antiquity of the	365, 623
increase of the	368
Snyder, Dr. D. W., ethnological objects received from	21, 64

	Page.
Snyder, Dr. D. W., specimens of insects presented by	49
Snyder, J. O., crustaceans, worms, etc., presented by	51
Societies, meetings of	235
Solution planes in crystals	688
Solutréen epoch, appearance of the harpoon in the	828
Sonontonans, council of the	550
Sörensen, Rev. P. H., collecting outfit furnished to	22
Source of curved knife	730
South America, accessions from	139
to library from institutions in	167
distribution of specimens in	244
South Carolina, cache of prehistoric implements found in	973
Southern mound pipes	612
pipes, types of	603
Southey, Robert, feast of parica described by	402
Spain, distribution of specimens in	245
Spang, Norman, clay pipe collected by	544
Spangler, George, rectangular pipe collected by	599
Spear shafts, scrapers, grinders, and straighteners used in making	884
Spearhead form, large implements of	982
Spearheads, classification of	887
manufacture of	877
material of	872
shouldered on one side	829
wounds by	955
Spears in the Paleolithic period	824
